

*General: I work for a non-profit organization or charity. Who can I contact to request a charitable donation from Bandai America?*

We receive many charitable donation requests each year for many worthwhile causes, however, we are unable to honor every request. We have therefore made the decision to concentrate our resources on one national charity, the U.S. Marine Corps Toys for Tots charitable organization, which has the greatest national outreach. We have revised our charitable donation policy to focus our efforts on the Toys for Tots campaign. We appreciate your interest and wish you luck with your endeavors.
